DEDICATION

We the class of 1990, dedicate this issue of the yearbook to Mrs. Catherine Malkasian, who has been our class advisor for four years. We thank her for making our years here at Bay Path so memorable.

SUPERINTENDENT-DIRECTOR'S MESSAGE

Congratulations to the Class of 1990.

About four years ago, you, as a young teen-ager, made a very difficult and important decision. You decided to pursue your high school education at Bay Path Regional Vocational Technical High School.

For many of you that meant long bus rides and days out of your home community for the first time in your life. You discovered that Bay Path's education meant hard work and longer hours compared to what your peers in the local high schools were doing. You persevered and now you can feel proud in the fact that not only are you a high school graduate, but you are competent in a trade or technical area, and have a certificate to show the world that you are competent in that occupational area.

Some of you will go on to college, some of you will serve our country in the Armed Forces, some of you will become leaders in your trade and business owners. Always, what you have learned at Bay Path will put you above the ordinary and with an advantage over those who did not choose the type of education you have.

Remember your school as you remember the skills we taught you, and good luck to you in the life you will lead which, I am sure, will be that of a successful citizen of our area, state and country.
